

**REMARKS/ARGUMENTS**

Claims 1 to 20 were previously presented for examination and the subject of a restriction requirement to which Applicants respond below. Claims 21 to 54 were previously canceled without prejudice. Claims 1 and 2 are currently amended. Claims 9 to 14 are herein canceled without prejudice. Claims 55 to 86 are newly presented. After entry of these amendments, claims 1 to 8, 15 to 20, and 55 to 86 will be pending.

**Response to the Restriction Requirement.**

Applicants elect Group IV drawn to subject matter wherein Ar<sup>1</sup> is phenyl or naphthyl and amended the claims to conform with the election.

**Support for the Amendments to the Claims**

Claims 1 and 2 were amended so as to conform to the restriction requirement and election. Support is found *inter alia* in the previous versions of the claims and also in original claims 3 and 15 respectively.

New compound claims 55 to 62 each set forth a member of a Markush group set forth in their respective intervening claims. Support can accordingly be found *inter alia* in their respective antecedents.

New composition claims 63 to 72 set forth compound subject matter of the pending compound claims. Their compound subject matter finds support as set forth above (and in the original compound claims). Their pharmaceutical composition subject matter finds support *inter alia* in the original composition claims.

New methods claims 73 to 86 set forth compound subject matter of the pending compound claims and their compound subject matter finds support accordingly as set forth above. The method subject matter finds support *inter alia* in the original methods claims.

In view of the above, Applicants believe that the amendments to the claims add no new matter and respectfully request their entry.
